

# Made for the road

Taking a drive? Pack these car-friendly sidekicks

## ILUV I730 BLUETOOTH HANDS-FREE CAR KIT

\$149.99

This kit with FM transmitter for your iPhone makes answering and making calls wireless and easier. Call features include call reject, call transfer, voice dial and redial options. It's Bluetooth V2.0-compliant, and made for iPod and iPod nano models. Available this spring at [i-luv.com](http://i-luv.com).

**MACALLY BTCUP FOR IPHONE**

\$99

Try this full-channel FM transmitter if you want a new way to easily use your iPhone while in the car. It fits into most standard cup holders; plus it syncs with iPhone's Bluetooth technology for hands-free driving. For a list of retailers, visit [Macally.com](http://Macally.com).

**REI VACUUM INFUSER MUG**

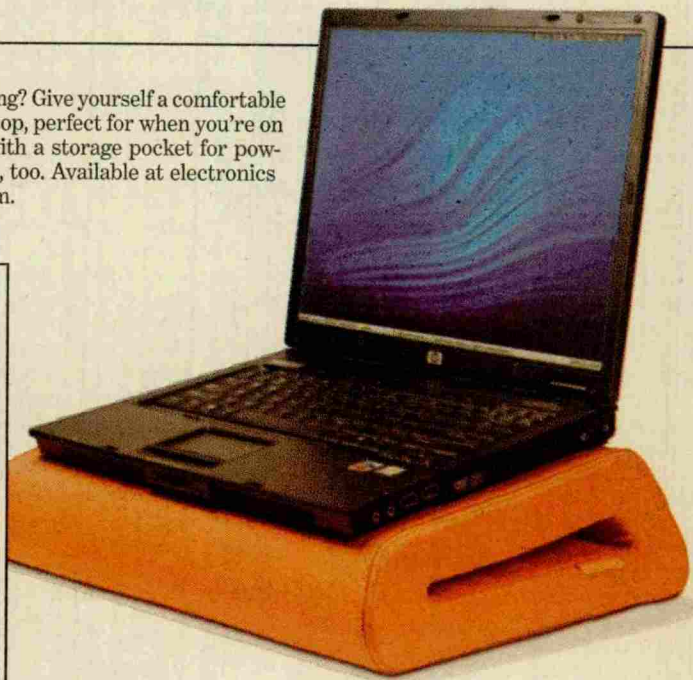

\$24.95

Tote your coffee and tea in this high-tech, stainless-steel travel mug. Simply drop your tea leaves or fresh coffee grounds inside the cylinder and pour hot water on top; your drink then steeps inside. A metal screen filters the leaves or grounds as you drink through the bottom half of the two-part lid. Available at REI stores, and at [REI.com](http://REI.com).

**BELKIN CUSHTOP**

\$34.99

Taking the laptop along? Give yourself a comfortable barrier like the cushtop, perfect for when you're on the road. It comes with a storage pocket for power supply and mouse, too. Available at electronics stores and [Belkin.com](http://Belkin.com).

**XTREME MAC INCHARGE AUTO**

\$19.95

A sleek way to charge an iPhone or iPod in any vehicle, InCharge Auto is designed to provide maximum protection against power spikes. A detachable USB power cable can be used for charging or synching with a computer. For a list of retailers visit [XtremeMac.com/chargers](http://XtremeMac.com/chargers).
